## 1. Dimensions / Weight

**FONDO PP**  
weight: 4,6 kg

**FONDO PP ARM**  
Weight: 5,4 kg

**FONDO CFS-ROD**  
Weight: 5,8 kg

**FONDO HOCKER**  
weight: 9 kg

## 2. Materials / Version

### 2.1 Base/frame

The 4L/4L ARM/CFS ROD/Hocker versions:

- 4L/4L ARM - Ø 18x2,0 mm steel tube,
- CFS ROD - Ø 11 mm steel bar,
- HOCKER - Ø 18x2,0 mm steel tube + Ø 10 mm steel bar (footrest).

The frame can be powder-coated or covered with a chromium-plated galvanic coating.

The frame colours are determined by the valid pricelist.

Stacking:

- 4L: 6 pieces,
- 4L ARM: 3 pieces,
- CFS ROD: 8 pieces,
- CFS ROD SEAT PLUS: 4 pieces,
- HOCKER: 6 pieces.

### 2.2 Castors/glides

**GB** - plastic glides for soft floors (4L/4L ARM).

**GT** - transparent plastic glides for soft floors (CFS ROD).

**GTF** - transparent plastic felt-backed glides for hard floors (CFS ROD).

### 2.3 Seat and backrest

The shell is made of polypropylene (PP), available in colours determined by the valid pricelist.

In the transparent version, the shell is made of polycarbonate (PC), available in colours determined by the valid pricelist.

The SEAT PLUS version:

Seat pad: 3-layer beech plywood (4,5 mm thick) covered with foam of 25 kg/m<sup>3</sup> density, 15 mm thickness.

### 3. Armrests

Integrated with the chair frame (the ARM version).

### 4. Packaging

Carton packaging - 4 pieces (assembled chair)

### 5. Technical regulations, certificates and quality marks for the chair from the FONDO line

Durability certificate

REMODEX: EN 16139, EN 1728, EN 1022
